

## **PPC Series** PROJECTOR MOUNTS

---

**EASY INSTALLATION  
AND ADJUSTMENT**

# NEXT GENERATION PROJECTOR MOUNTS

Vogel's Professional offers a complete new range of projector ceiling mounts. These projector mounts are especially designed for the new generation projectors weighing up to 25 kg. The range includes basic projector ceiling mounts and height adjustable kits with telescopic poles.

## Key features:

- Fine tune adjustment on tilt and roll
- Fixation in all directions
- CIS® Cable Inlay System
  - Over full length of kit
  - Cables can be inserted after installation
  - Sufficient cable inlay (max. 8 x Ø 7mm cable)
- Stylish design
- Quick and easy installation

## Projector ceiling mounts

These mounts can be installed directly to the ceiling or they can be used with a Connect-it Basic pole and ceiling plate in case of higher ceilings.

Mounted directly to the ceiling

Mounted to Connect-it Basic pole

# THE NEW WAY OF PROJECTOR MOUNTING

## Universal projector interface

All mounts come with a universal projector interface. This projector interface is equipped with a unique fine tune adjustability for precise alignment with the projection surface. Once aligned, the projector stays in position. Additional fixation features are provided to secure the desired position.

**Fine tune tilt and roll adjustment**  
Tilt and roll +/- 15°

**Fixation in all directions**

Rotation  
Tilt  
Roll

## Height adjustable projector ceiling mount kits

The height adjustable projector ceiling mount kits can be used when the height of the ceiling is not known or when flexibility is wanted. These mounts come in 3 lengths offering variable height adjustment from 300 to 1350 mm. The CIS® Cable Inlay System over the full length of the pole makes it even possible to insert cables after installation. The CIS® offers sufficient space for all cables required and enables you to hide all the cables in a matter of seconds.

**Height adjustable**

**CIS®**  
Cables can be inserted over full length, even after installation
